Gardiner and the surrounding area is home to an abundance of talent

Ceramicists, clockmakers, digital artists, fiber artists, mixed-media artists, painters, sculptors and metalworkers. The area is framed by stunning cliffs, the Shawangunk Mountains, farmland and forest. Gardiner has it all—hiking, skydiving, birdwatching, rock climbing, backroad cycling and a world of creativity.

Each tour presents new work and new experiences. Don't miss this opportunity to meet the artists where they work, learn about their process and take home a unique work of art. Visit our sponsors offering fine food, beverages, yoga, massage, outdoor gear and more. Support local businesses that support local talent.
